A Cosmic Whirlwind

Cosmic is a collection of elegant glass plates that will add a pop of color to your table setting.
The softly, swirled motif creates an illusion of an endless galaxy, resulting in the collection's name, Cosmic.

The Cosmic collection includes three different sized plates and one deep plate in three soothing colors of white, brown, and blue.
The plate is designed in frosted glass with the significant colors adding a playful and captivating pattern.

Set the table by mixing the different sizes and colors for a playful and elegant table setting, or
use Cosmic with your existing tableware collection to add an intriguing and personal touch.

The collection is dishwasher friendly. Yet, be careful when using sharp objects on the plate, as rough use of sharp knives, forks or other objects may lead to small scratches on the surface.
