BATTERY DISPOSAL & SAFETY
This product contains a battery that must not be disposed of with household waste. In accordance with applicable regulations, including the EU Battery Regulation, batteries must be collected separately and returned to designated collection points or recycling facilities to ensure proper treatment and recovery of materials.

To reduce the risk of fire or injury, keep the battery away from metal objects. Follow the guideline from your local recycling centre on how to recycle the used battery.
Do not open, puncture, or otherwise damage the battery. Damaged or defective batteries must be returned to a designated collection point without delay.

Refer to the product manual for instructions on safe removal of the battery.
