Poetic Industry

Nic Nac is a multi-functional storage series in a light design that makes it easy to keep order in all the small things that are useful to have close at hand. Use Nic Nac for everything from office supplies, keys and make-up, to the serving of snacks, as a fruit bowl or for storing cooking oils in the kitchen.

In Nic Nac, Nicholai Wiig Hansen has combined his passion for a stringent, industrial look with refined details, which give the design a balanced expression. In the design he has utilized negative space and created a chic pattern of holes that forms a poetic contrast to the strict lines and masculine steel.

"It was important to get the interaction between the proportions and the thin edges right. In order to add lightness and dynamics to the design, I have created a perforated pattern. That makes Nic Nac more domestic in appearance. It also creates a play on shadows and a camouflage effect, which arouses curiosity, so you want to see what's in it," says Nicholai Wiig Hansen.

The useful organizer family comes in two colors and five different sizes that all fit perfectly inside each other. Combine colors and sizes, or just use one - Nic Nac distinguishes itself with its attractive design. Let your creative juices flow and use Nic Nac for any number of purposes around the house.
