Delightful Kitchen Textiles

Yummy Tea Towels are a collection of practical tea towels adorned with whimsical embroideries and crafted in OEKO-TEX certified linen and cotton. Yummy is available in six different variants, each offering a refreshing take on the classic kitchen essential. The tea towels reference different types of food with their distinctive, embroidered symbols depicting luscious peas in a pod, a red lobster, a block of cheese, a plump mushroom, a hearty sausage or a refreshing lemon.

Create a little story in the kitchen by combining your favorites or opt for just one for a more minimalist expression. Whichever you prefer, the Yummy Tea Towels will add a sense of humor and character to the kitchen and are equally delightful in use and when hung up. Yummy Tea Towels are sold individually.
